

# Ice Cream Locations

Soham Kelkar

December 2019

## 1 Data Description and Usage

There are 103 neighborhoods in Toronto out of which 17 neighborhoods in Scarborough. We will use the FourSquare API to get the top 100 venues close to each of these 17 neighborhoods. There are a lot of categories of venues in this list and we are only interested in the restaurants. The categories include Thai Restaurants, Seafood Restaurants, Spas, Bars, Metro Stations Etc. There are total of 117 unique categories of venues but we will only include the venues which contain the word Restaurant in it. We get 115 restaurants in all the neighborhoods of Scarborough. These locations will help us get the best areas for setting up a new ice cream shop. Below is the map of Scarborough.
